4. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a composition comprising methylal, light hydrotreated petroleum distillate, ethanol and citrus fragrance. Additionally, the prior art fails to teach the specified concentration limits. In an interview with Mr. Steven Webb, on 1/11/2005, the examiner suggested amending the dependent claims in independent form in order to place the application in condition for allowance. The examiner indicated that claim 59 would not be allowable. Suggestions were also made to correct the 112 second paragraph issues. Authorization was given to make the changes by Examiner's Amendment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sharidan Carrillo whose telephone number is 571-272-1297. The examiner can normally be reached on Monday-Thursday, 6:30-3:30pm.
